

Pressure Pot

P-2A

The P-2A is a 2 litre capacity paint pressure feed pot.

Manufactured from heavy duty aluminium this is suitable for both solvent and water-based coatings

It is lightweight and easy to use with any pressure feed spray guns.

Greatly improves work efficiency for painting large surface areas.

Model Number: 2401030

Maximum Operating Pressure: 0.34 MPa / 49.31 psi

Paint Outlet Connection: G 1/4

Air Inlet: G 1/4

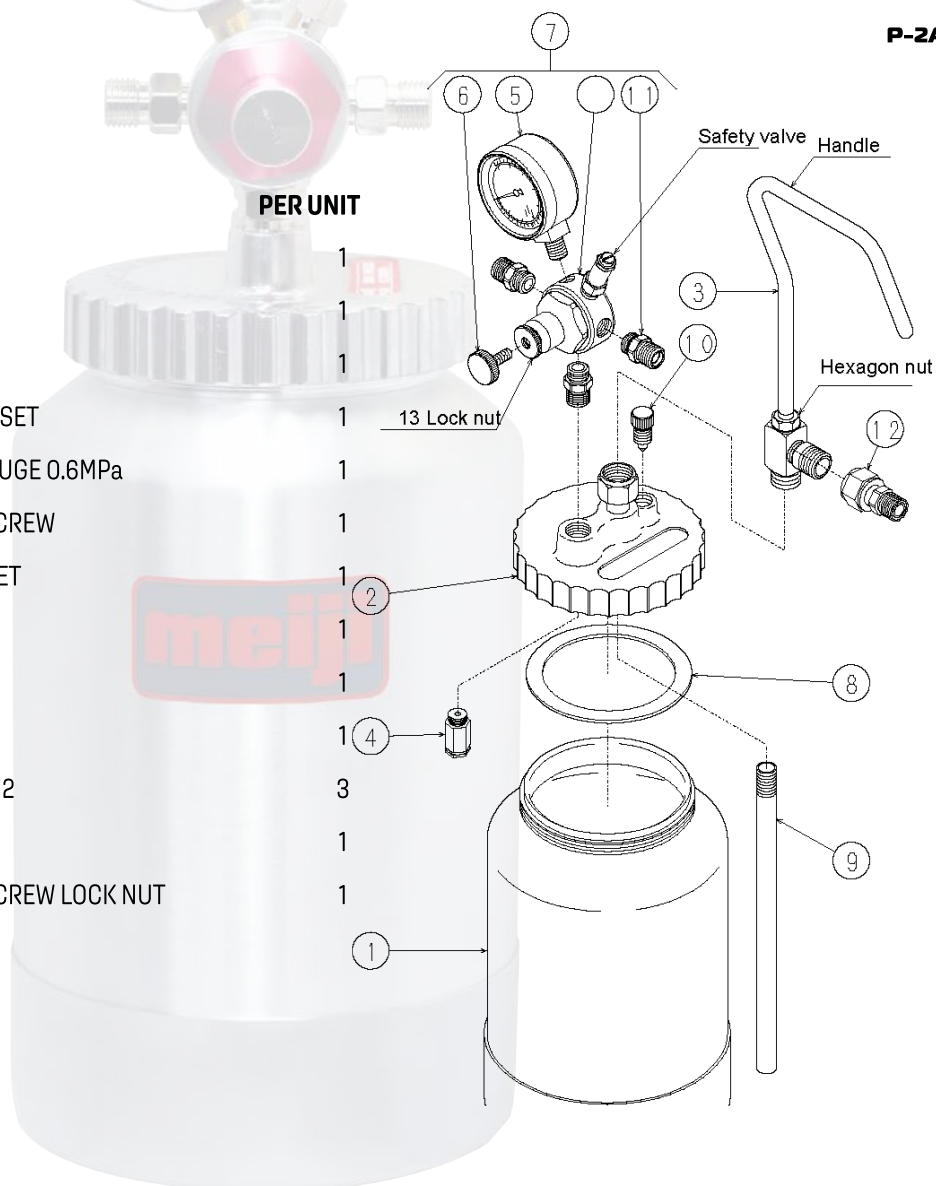

Capacity: 2 Litre

Weight: 1.25 KG

SPARES
